Dear GFSPA Member,

The 97th Annual GFSPA State Convention will be held September 11-14, 2022 at Jekyll Island Convention Center, Jekyll Island, GA. Join us in commemorating the landmark victories that have taken place for Georgia Funeral Service Practitioners.

The Education and Research Committee along with the President and the Convention Chairperson have planned a wonderful State Convention. This year's convention brings together some of the most informative speakers and panelists to help Funeral Service Professionals in all areas of business. With top-notch educational seminars, a world-renowned keynote speaker, spectacular entertainment, and a dynamic market place, this year may be the most exciting annual convention to date! Take this opportunity to network with fellow funeral service professionals, reinforce lasting business relationships with multitudes of vendors, and partake of all GFSPA Annual Convention has to offer.

Our goal is to facilitate the kind of convention that will ensure that you obtain the skills, knowledge and contacts you need to further your professional and personal growth. We look forward to your presence as we plan the success of our wonderful association and having the opportunity to provide engaging, thoughtful, and developmental program offerings.

Join us for the experience of a lifetime, you can count on GFSPA to bring you the news and opportunities that will not only affect but also improve our lives. The 97th Annual Convention is just one of the many instances where we strive to do this. Don't miss this opportunity to be a part of GFSPA at its best.

Respectfully,

J. Robin Barnes
